Hon,

June, 2000

I do not know how to thank you  
for all your attentions. You went the extra  
mile and guided my family towards the  
correct person. Their experience has been  
so satisfactory. You made everything easier.

Everything went well in San Diego and  
Mandy is wearing besides a big smile (she was  
so worried & sad) a stamped passport and a soon  
to arrive in the mail green card.
